

Africa goes Digital with Glimm Showroom Ghana

Our CEO Bjorn Bijster has established a exclusive alliance with LOGOS Systems Engineering Limited in Ghana.

The company Logos Systems Engineering Limited in Ghana is investing in a new showroom in the area of Obuasi Adansi in Ghana, West Afrika.

Glimm and Logos will install a few new products like Virtual Touch window and Projection films for advertisement on Glass and Glimm will make a new concept for OUTDOOR projection (Billboard 8m x 4m) for advertisements near the roads and other places in the cities in Ghana.

Logos has opened a new office for Glimm and Glimm will train and educate the technical directors how to install these new technologies.

Mr. Kofi Kobiah from Logo Systems will present their new site in april 2015.
