

## **Glimm Screens BV found Partnership in Nigeria**

Glimm Screens found a professional partner in Nigeria with DD Media Solutions LTD, based in Lagos city.

Our CEO Mr Bjorn Bijster signed the letter of intent together with CEO of DD Media Solutions LTD, Mr Kiki Soetan.

DD Media Solutions is interested in the products and services of Glimm as this new media solutions is an add on to their regular advertisement products (which were non-digital).

Glimm and DD Media Solutions installed their first outdoor installation which has our new Ultra High Gain silver screen with the Lycos Epson 6000 series full HD and a new developed weather box (produced special for DD Media Solutions). This weather box will cool the projector under high temperatures.

The Silver Screen is an unique product for the large outdoor advertisement markets in bright sunlight environments.

Silverfilm

DD Media Solutions will visit Glimm in the Netherlands to take part of the technical training and see and learn more about Holographic Projection Solutions.
